I will not be in the office at 3:30 (I work part-time), and Amy is out of the office today. I'm not sure about a Tiger Team, but we should arrange individual briefings for the county, port, and maybe others, including some community groups like the Galveston Bay Foundation, once we have decided on the proposed remedy for the Proposed Plan, but before the public meeting on the remedy.

Please let me know if you would like my input later.

Thanks,

Anne
